SINKING OF CALIFORNIA NOT A CAUSE FOR WAR

PREPARATIONS ARE QUICKENED BY U. S.

WASHINGTON, Feb. 8.—On the basis of reports received of the destruction of the California and other ships, it is authoritatively stated no cases constitute an overt act which will lead to war with Germany.

Officials, however, are inclined to believe that an overt act on the part of Germany is only a question of time. The only effect of the destruction of the California has been to quicken preparations for eventualities.

Both Spain and The Netherlands today formally declined to accept President Wilson's suggestion that they break with Germany. Both, however, have protested vigorously to Germany against unrestricted submarine warfare.

Confidential dispatches from Holland also stated that the American legation at The Hague had been notified that Holland has opened negotiations with Great Britain for the reduction of its mine fields.

Latest reports of the destruction of the California were received this afternoon by the State department from Consul Frost, at Queenstown, and he places the number of survivors at 161 and the missing at 41. He says the ship was torpedoed without warning. Frost also cabled that the ship Eavestone was destroyed without warning. This point was not cleared up [illegible].

CALIFORNIA SUNK WITHOUT WARNING

NEW YORK, Feb. 8.—Sixty ships have been sunk by German submarines or mines since the new German program became effective February 1, according to compilations here. With 25 ships lost since Tuesday the total tonnage reaches nearly 120,000. The Housatonic is the only American ship that has been sunk.

Official advices have been received by the Anchor line that the British liner, California, was torpedoed without warning. Thirteen passengers, none of them Americans, are reported missing.

The French liner La Touraine has arrived safely in New York.

It is officially reported by Ambassador Page from London that the steamer Eavestone was not warned when sunk Tuesday.

NOTED BISHOP WILL SPEAK AT M. E. CHURCH

Bishop John W. Hamilton, D. D., LL. D., one of the most noted bishops of Methodism, will lecture Friday evening, February 16, at 7:30 at the Methodist Episcopal church, corner of Bay street and Palmetto avenue.

This lecture will be one of the best held in Daytona during the present year as Bishop Hamilton is a very noted speaker. At the last general conference of the Methodist church, held at Saratoga Springs, N. Y., last spring, he was made Chancellor of American University at Washington, D. C.

Further announcements will be made later as to the subject on which Bishop Hamilton will speak. Whatever his topic it is certain that the best of wit and humor will be interspersed through a most profitable address.

FINE BABY GIRL ARRIVES AND JOINS FAMILY CIRCLE

Mr. and Mrs. E. R. Pingham, of 19 Daytona street, are the proud parents of a fine, seven-pound baby girl, Virginia Grace, who arrived at 4:45 Tuesday afternoon. Miss Virginia has one sister, Thelma, who is 14 years her senior, which makes the little lady all the more welcome in the home. Both babe and mother are doing nicely. Dr. Dean T. Smith was the attending physician.

Buffalo guests at the Ridgewood are Mr. and Mrs. William Budd and Mr. and Mrs. J. J. Flack, who are registered for a lengthy stay. They are making their first trip to Daytona and are very much impressed with its attractions and its very beautiful rides and drives in and about its environs.

FRIENDS AGAIN TOGETHER AFTER LONG SEPARATION

Mrs. S. A. Butterfield, of Cincinnati, Ohio, arrived in Daytona Wednesday afternoon for a several weeks' visit with Mr. and Mrs. John Milligan at their home on South Ridgewood avenue. Mrs. Butterfield and Mr. and Mrs. Milligan were warm friends years ago, but had not met for a period of 29 years and the reunion is a very pleasant one. They experienced no difficulty in recognizing one another after this long lapse of time, having been assisted in this respect by an exchange of photographs.

Germany Requires Assurances of Count Von Bernstorff's Safety Before Releasing Americans

WASHINGTON, Feb. 8.—Ambassador Gerard, the American consuls in Germany and the sailors brought in by the prize ship, Yarrowdale, will be held in Germany until assurances have been received by the German government of safe conduct for Count von Bernstorff, the dismissed German ambassador, and the safety of German ships in American ports.

The French government to forestall the Entente allies have notified the State department that it has granted safe conduct for Count von Bernstorff and his suite, and similar action is awaited from Great Britain.

State department officials are inclined to minimize the importance of the detention of Ambassador Gerard, because it is believed it has arisen largely from misunderstanding and will soon be straightened out. It is said sensational reports are current in Germany that German ships have been confiscated and the crews seized. Pending confirmation of these reports Germany detained Gerard, who is still in Berlin and not in Berne, Switzerland, as was thought possible yesterday.

LONDON, Feb. 8.—Dispatches reporting that Ambassador Gerard and all Americans are held as hostages by Germany eclipsed other news. It is believed here there will be no insuperable objections by Allies to granting safe conduct to von Bernstorff, but unlikely that it will be granted to any large number of Germans.

LONDON, Feb. 8.—A Copenhagen dispatch quotes the newspaper Politiken as saying that Germany requires guarantees that Ambassador von Bernstorff and the men on the German ships in American ports will be permitted to leave the United States before allowing Ambassador Gerard and other Americans to leave Germany. The newspaper says Ambassador Gerard sent this information to the American legation at Copenhagen.

If you see it in the News, its so.

WASHINGTON, Feb. 8.—Mrs. Ruth Thomas Viscent, who is alleged to have told Thomas W. She finally said her informant was nobody in official life and gave the committee the name in confidence.

BUYERS WILL BUILD IN RIDGEWOOD PARK

There was a large attendance at the auction sale of lots in Ridgewood avenue park, North Ridgewood avenue, Wednesday and a number of lots were sold. Several of the purchasers are planning to build attractive bungalows on their lots in the near future and this excellent new subdivision will probably soon be built up as have other subdivisions in this city and vicinity. As on Tuesday, S. A. Pierce, owner of the property, gave away valuable presents in the form of articles of silverware. Mr. Pierce will continue selling at intervals until he has disposed of all the lots.

"PURITY," ART PICTURE, AT NEW DAYTONA

A photo drama of the highest type, set in scenes of marvelous beauty, and portraying the perfect loveliness of the world's most finely formed woman.

No art lover should fail to see Miss Munson's reproductions of the world's classic art treasures. No film fan should miss one of the most beautiful pictures ever produced.

Among the many notable features will be:

Allegorical dance on a wood bordered red lawn, facing the Pacific Ocean.

Garden fete in an outdoor natural Greek amphitheatre, where Miss Munson poses in sculptor amid poetic poetic dances.

The sunken garden where EVIL casts seeds of discord over the GARDEN OF LIFE.

The artist's discovery of PURITY bathing in a woodland pool.

Reproductions of famous paintings in the artist's studio, posed by Miss Munson.

The New York Herald says:

"By reason of an audacious but inoffensive display of Miss Munson's bodily charms, and because the photoplay was exceptionally fine, the pictures held the attention of the audience. Miss Munson is such a nice-appearing young woman and so naive that she may appear before the camera and be passed, where some more self-conscious aspirant might not."

"Purity" is the attraction at the New Daytona theatre Friday and Saturday.

ALBERT SPALDING, AN ARTIST VIOLINIST, COMING

Every true American, interested in the musical world, should take a genuine pride in the achievements of Albert Spalding, the artist violinist and composer, whose genuis has won recognition in practically every civilized country in the world.

Spalding was born in the United States and received his early training here, and when very young was taken to Paris and Florence, where he continued both his general and musical educations. He has lived in an atmosphere of refinement and plenty. His mother, whose nature is intuitively musical, has been the inspiration and guiding star of her son's career and this brings to mind these words: "Whenever you find a great man, just around the corner you will find a great woman."

Spalding was not a prodigy. His was a gradual, healthy growth. In analyzing his art one must anaylze the man. Here we find the qualities which have won for him a place in the world of music. First of all, he has an intellectual, refined and cultured mind—a mind that one seldom finds in the average artist. He has an acute sense of values in all things and his musical temperament evinces much of the French and perhaps Italian character, due, no doubt, to his long residence in both countries. In summing up Spalding's art he does not suffer in comparison with the representative artists of other countries, but stands out a supreme genuis.

Mr. Spaulding comes in concert recital to the New Daytona theatre next Tuesday evening, February 13th, under the auspices of the music department of the Palmetto club. He will be assisted by Loretta Del Valle, coloratura soprano and prima donna, of the Royal Opera, Prague, and Andre Benoist, the emminent French pianist. This will be the supreme social and musical event of the season. Reserved seats on sale at Hankins Drug store.

Kitchen Convenience.

Keep a high wooden stool with strong rungs in your kitchen. When you have something to cook on the gas stove which needs continuous stirring, bring it over and sit down, resting your feet on the rungs. When the cooking is done you will get up much refreshed. Use it when you have vegetables to prepare.

Talent and Character.

The difference between talent and character is adroitness to keep the old and trodden round, and power and courage to make a new road to new and better goals. Character makes an overpowering present, a cheerful, determined hour, which fortifies all the company by making them see that much is possible and excellent that was not thought of.—Emerson.

Liable to Be Misunderstood.

"Some people," said Uncle Eben, "talks so much 'bout their troubles dat you gits a notion dey's tryin' to shove all de bein' sorry off on to somebody else."

The KITCHEN CUPBOARD

AUTUMN SALADS.

FRUIT salads form an admirable dish at any season. But the fruit called for in the following recipes are all seasonable to autumn and so may be used to add zest to the menus of the first [illegible].

Sweet Fruit Salad. Three ripe yellow pears, a bunch of white grapes, a blood orange, two red bananas, a glass of maraschino cordial or the same quantity of rum and sugar to taste. Peel the pears [illegible] taking out seeds, seed the grapes, peel and slice the bananas and cut the orange in slices through the skin [illegible] the slices [illegible]. Put all the fruit together [illegible] it liberally. [illegible] ice. When [illegible] liquor used. If this salad is [illegible] a glass bowl and the red banana skins are left whole the effect will be very ornamental.

Endive and Grapefruit Salad. Several [illegible] grapefruit. French dressing with paprika [illegible] pepper. Wash and dry the endive, breaking the leaves apart [illegible] then cut them down in thin strips. Peel the grapefruit and take out the meat in pulps, denuding it of pith and the skin about the core. Put the fruit and endive together, tossing the salad in the dressing and putting on as much paprika as is agreeable to taste. After it is well mixed, pile it on a mound of romaine or plain lettuce leaves, also tossed in a French dressing.

Mixed Vegetable Salad. This may be made of any green vegetables, but in the smart restaurants the chefs put the following things together: French lettuce, endive, cucumbers, celery hearts, green pepper, asparagus tips, pimentos and sometimes string beans. A nest is made of the plain lettuce, the endive is cut in fine strips, and if the asparagus or string beans are of the canned sort they are first washed off with fresh water and then thoroughly drained. The cucumber is cut in paper thin slices. All of the ingredients are put together in a mixing bowl and tossed [illegible] in a French dressing [illegible] olive oil [illegible] vinegar or lemon [illegible] cayenne [illegible] so the French chef [illegible] of [illegible]. When [illegible] this salad [illegible] the nest of lettuce leaves with a border [illegible] radishes cut to look like fuchias.

Oil Your Casters

Oil the casters of your furniture occasionally and see how much easier it will move. Be sure to wipe off all superfluous oil. If you are annoyed by casters slipping out of the furniture, wind a rubber band around the shank of the caster before slipping in its place. A good rubber band will last a long time.

Canes of Rhinoceros Horn.

Probably some of the most expensive canes to manufacture are those from rhinoceros horns. Such a cane when made of one piece of horn often costs as high as $500. The high price is due to the expert treatment which the rhinoceros horn requires immediately after the beast has been slain.

Optimistic Thought.

The best portion of a good man's life is his little, nameless, unremembered acts of kindness.

THE WEATHER

FOR FLORIDA:—Rain tonight, except fair extreme south portion; colder in extreme northwest portion. Friday generally fair, colder north and central portions.

Light rain or snow flurries attended the eastward movement of the area of low pressure that is now central over the St. Lawrence river. Rain occurred also, over the southern projection of the above low, mostly over the Mississippi valley and the Gulf states.

The weather is generally warmer east of the Mississippi river, the line of freezing temperatures having receded to the upper portion of the southern states. Zero temperatures and below continue over the Lake region and the upper Mississippi and Missouri valleys. The winds are light and variable on the lower coasts.

Crop Always Worth While.

Grow a crop of pleasure with corn and wheat and clover; it is one of the most important crops on the farm, and ought to be harvested a little every day. "All work and no play"—you know.

Thief Shows Originality.

Thieves are not common in Alaska, but when one does appear he generally exhibits an originality of conduct difficult for less accomplished folks to comprehend. As an instance of this characteristic a thief broke into a store at Douglass recently and stole all the 1916 tags provided for licensed dogs, thus subjecting every canine in town to the danger of being taken up by the dog catcher.

Union Pacific has declared an extra dividend of one-half of one per cent.

The regular dividend has been declared on Southern Pacific.

Bank of England rate is unchanged at 5½ per cent.

Federal war risk bureau announces increase in rates of 125 per cent to 900 per cent.

Average price of 20 industries 92.15 off .43; 20 rails 96.97, off .37.

The low price for St. Paul in 1914 was 84; it sold today for 79⅝. It is paying the same dividend and earning more money. The low price of Great Northern preferred in 1914 was 111⅝; it sold at 112 today. It is paying the same dividend and earning a great deal more money. The prices of 1914 represented panic prices. Today's market is more or less normal.

Northwestern investments in the United States have declined 4 or 5 points in the last few days on the lightest kind of selling. It is hard to reason what this means. The same thing is noticeable in railroad bonds which are of a slightly speculative nature such as N. Y. Central 6's and Chesapeake and Ohio Con. 5's one has had a ten point decline from the high prices and the other seven. Both of these roads making record earnings. It is very disquieting to the holder of good stocks to see his property melt away on the lightest kind of selling and with practically no recovery.

Thompson & McKinnon: "In addition to the complete shutting off of a general investment demand, there seems growing belief on part of larger operators that news developments are more likely to bring about a sharp decline in wheat than any advance. The outstanding feature in wheat is the failure of allied interests to in any way improve the shipping problem. Whatever the ultimate course of values, there is a growing belief that the immediate effect of declaration of war would be demoralization of values.

Domestic and export business in corn is at a standstill; the corn market is therefore entirely a matter of opinions. The general sentiment is very bullish on the part of local traders, the outside not being interested. One of the largest recent holders was accepting profits on the theory that news developments might bring sensational declines."

Chicago sentiment in oats is very bearish, close observers of this market claiming that a good sized short interest exists. Certainly there is no effort either by local operators or outside interests to advance prices.

NASSAU RESERVATION CANCELLED TO STAY IN DAYTONA BEACH

Cancelling reservations to Nassau, Dr. Grace Peckham Murray and sister, Mrs. K. F. Peckham, of New York City and Putnam Heights, Conn., will spend the season in Daytona Beach as guests of the Seaside Inn.

"Since Germany has put an embargo on the sea," said Dr. Murray, "we have lost our desire to go to Nassau, and are perfectly satisfied here at Daytona Beach. Frankly, we are not at all disappointed that we will not get to Nassau, since we can winter here."

"I love your beach," she added, a warm note of enthusiasm in her voice. "It is wonderful and the elusive charm of the resort very compelling."

Dr. Murray, a physician of note and a retired professor of gynecology, has recently returned from a voyage on one of the United Fruit steamers, during which she visited Panama, Costa Rica, South America, Cuba and Jamaica. At the latter place her passports, which she obtained with difficulty in New York, were cancelled.

FREEZE FILLS WATER WITH FLOATING FISH

Inland waters between Daytona and Palm Beach are filled with floating fish, according to Capt. William McCoy, the fish having been killed by the recent cold weather. The beaches are lined with dog shark, pompano and green turtles, and as the thick shells of the turtles make them impregnable to anything but the severest cold, the finding of the latter tells a tale of its own of last week's freeze. Capt. McCoy explains the number of shark on the beach with an interesting story of how the big fish shove their noses into the sand in an attempt to reach land when dying.

FOR FLORIDA:—Rain tonight, except fair extreme south portion; colder in extreme northwest portion. Friday generally fair, colder north and central portions.

Light rain or snow flurries attended the eastward movement of the area of low pressure that is now central over the St. Lawrence river. Rain occurred also, over the southern projection of the above low, mostly over the Mississippi valley and the Gulf states

The weather is generally warmer east of the Mississippi river, the line of freezing temperatures having receded to the upper portion of the southern states. Zero temperatures and below continue over the Lake region and the upper Mississippi and Missouri valleys. The winds are light and variable on the lower coasts.

Thief Shows Originality.

Thieves are not common in Alaska, but when one does appear he generally exhibits an originality of conduct difficult for less accomplished folks to comprehend. As an instance of this characteristic a thief broke into a store at Douglass recently and stole all the 1916 tags provided for licensed dogs, thus subjecting every canine in town to the danger of being taken up by the dog catcher.

NAVIGATION DISTRICT LAW FOR THIS STATE

ACTION LOOKING TO THIS END TAKEN AT MEETING HELD AT SANFORD BY DELEGATES FROM VARIOUS DISTRICTS.

The following in regard to the meeting recently held in Sanford, in the interest of improvement of Florida waterways, is taken from a report of the meeting published in the Sanford Herald of Tuesday:

"The legislature will be asked to pass a bill providing for a navigation district for the purpose of improving water routes from Jacksonville to Key West and the Gulf of Mexico by designated waterways. Such a decision was reached Friday when representatives of boards of trade and county commissions from all counties from Duval to Lee and Dade including the counties in the upper St. Johns, Oclawaka and Kissimmee valleys held a meeting in the court house here.

"The routes for these water highways proposed in resolutions adopted by the body include the St. Johns valley, Kissimmee Valley, Lake Okeechobee, Caloosahatchee valley, the entire east coast of Florida, with connections via Salt Lake and Titusville, via St. Johns and Oklawaha and via Lake Okeechobee and the east coast and desirable tributaries.

"The proposed navigation district will be composed of the counties of Duval, St. Johns, Clay, Marion, Putnam, Volusia, Brevard, Lake, Seminole, Orange, Polk, Osceola, St. Lucie, Palm Beach, Dade, DeSoto, Broward and Lee.

"There were over thirty delegates present, and the proceedings of the meeting were characterized by an extraordinary degree of harmony, both as to the objects to be secured and their advantages to the state.

"The convention adjourned sine die at about ten o'clock in the evening after which the committee held its first sitting for organization. C. K. Walker of Sanford, was elected chairman and Maxwell A. Kilvert of Kenansville, secretary. The secretary's office for inquiries and correspondence relating to work of the committee will be open at 901 Heard building Jacksonville next week.

"The convention before adjourning passed a unanimous vote of thanks and appreciation to the members of the board of trade and the citizens of Sanford for their hospitable courtesies extended to the delegates including the banquet tendered by the board of trade."

Union Pacific has declared an extra dividend of one-half of one per cent.

The regular dividend has been declared on Southern Pacific.

Bank of England rate is unchanged at 5½ per cent.

Federal war risk bureau announces increase in rates of 125 per cent to 900 per cent.

Average price of 20 industries 92.18 off .63; 20 rails 96.97, off .97.

The low price for St. Paul in 1914 was 84; it sold today for 79⅜. It is paying the same dividend and earning more money. The low price of Great Northern preferred in 1914 was 111⅝; it sold at 112 today. It is paying the same dividend and earning a great deal more money. The prices of 1914 represented panic prices. Today's market is more or less normal.

Northwestern investments in the United States have declined 4 or 5 points in the last few days on the lightest kind of selling. It is hard to reason what this means. The same thing is noticeable in railroad bonds which are of a slightly speculative nature such as N. Y. Central 6's and Chesapeake and Ohio Con. 5's one has had a ten point decline from the high prices and the other seven. Both of these roads making record earnings. It is very disquieting to the holder of good stocks to see his property melt away on the lightest kind of selling and with practically no recovery.

Thompson & McKinnon: "In addition to the complete shutting off of a general investment demand, there seems growing belief on part of larger operators that news developments are more likely to bring about a sharp decline in wheat than any advance. The outstanding feature in wheat is the failure of allied interests to in any way improve the shipping problem. Whatever the ultimate course of values, there is a growing belief that the immediate effect of declaration of war would be demoralization of values.

Domestic and export business in corn is at a standstill; the corn market is therefore entirely a matter of opinions. The general sentiment is very bullish on the part of local traders, the outside not being interested. One of the largest recent holders was accepting profits on the theory that news developments might bring sensational declines."

Chicago senitment in oats is very bearish, close observers of this market claiming that a good sized short interest exists. Certainly there is no effort either by local operators or outside interests to advance prices.

NASSAU RESERVATION CANCELLED TO STAY IN DAYTONA BEACH

Cancelling reservations to Nassau, Dr. Grace Peckham Murray and sister, Mrs. K. F. Peckham, of New York City and Putnam Heights, Conn., will spend the season in Daytona Beach as guests of the Seaside Inn.

"Since Germany has put an embargo on the sea," said Dr. Murray, "we have lost our desire to go to Nassau, and are perfectly satisfied here at Daytona Beach. Frankly, we are not at all disappointed that we will not get to Nassau, since we can winter here."

"I love your beach," she added, a warm note of enthusiasm in her voice. "It is wonderful and the elusive charm of the resort very compelling."

Dr. Murray, a physician of note and a retired professor of gynecology, has recently returned from a voyage on one of the United Fruit steamers, during which she visited Panama, Costa Rico, South America, Cuba and Jamaica. At the latter place her passports, which she obtained with difficulty in New York, were cancelled.

FREEZE FILLS WATER WITH FLOATING FISH

Inland waters between Daytona and Palm Beach are filled with floating fish, according to Capt. William McCoy, the fish having been killed by the recent cold weather. The beaches are lined with dog shark, pompano and green turtles, and as the thick shells of the turtles make them impregnable to anything but the severest cold, the finding of the latter tells a tale of its own of last week's freeze. Capt. McCoy explains the number of shark on the beach with an interesting story of how the big fish shove their noses into the sand in an attempt to reach land when dying.

Harry A. Horn made a trip to DeLand early in the present week on business of a legal nature. He will spend a good share of the next week at the county seat attending the session of the criminal court.

Mrs. Wm. M. Shaffner returned Tuesday from Orlando, where she has been visiting at the home of her sister, Mrs. C. A. Dudley. Mrs. Shaffner will probably live in Daytona after spending a few days at her beach home. Mrs. Dudley came over with her for a visit of indefinite length.

Mr. and Mrs. E. J. Kane, of Weston, W. Va., have recently arrived and have taken apartments on Palmetto street for the next few weeks. Mr. Kane is a prominent hardware man of Weston and was a visitor to the beach several years ago, when he purchased a large tract of property on lower Peninsula drive below the town line of Daytona Beach.

Chas. Macauley, of Detroit, Mich., has rented the Casa Coquina, the large cottage owned by E. H. Shoemaker, of Daytona, on Ocean avenue, for the winter season of 1917-18. The Macauley family is now occupying the house during the present winter. The house was rented through the agency of Horn and Willson.

TEA PARTY AT WILLIAMS APARTMENTS SATURDAY

A pleasant and delightful tea party will be held next Saturday afternoon on the east porch of the Williams apartments on the corner of Peninsula drive and Ocean boulevard. This party has been arranged by the flower committee of the Tourist church, Misses May Haigh, Catherine Wright and Alleyne Webber, in order to raise funds for the purchase of flower baskets for the church.

The tea party will take place from 2:00 until 5:00 in the afternoon and tea and cake will be served. Cake, candies and marmalades will be on sale also. It is believed that the occasion will be a success as all Seabreeze people are interested in the welfare of the Tourist church.

LIBRARY MEETING HELD LAST TUESDAY AFTERNOON

A meeting of the Seabreeze Library club and its friends occurred Tuesday afternoon at the Tourist church, corner of Glenview boulevard and Peninsula drive. The by-laws of the association were adopted and the officers for the coming year elected as follows: W. B. Hatch, president; Mrs. Ada W. Powers, vice-president; J. E. Williams, secretary; Sidney Haigh, treasurer; trustees for the first year, W. B. Hatch, Ada W. Powers and Ralph T. Butler; for the second year, Mrs. Annie Cordis, Mrs. I. I. SEABREEZE

J. A. Coburn left Wednesday to join his minstrels at St. Augustine, after a pleasant stay of about a week with Mrs. Coburn and Miss Leota at their cozy home on Halifax avenue.

Miss Margaret Pierson, of Newark, N. J., is expected in a few days to arrive and visit at the home of her grandparents, Mr. and Mrs. S. S. Pierson on Halifax avenue north. Miss Pierson will probably spend the winter at a Daytona hotel.

Mr. and Mrs. I. H. Ramsey arrived Wednesday night from Chicago, Ill., and their home in Elfs, Kans., and are visiting their son and daughter-in-law, Mr. and Mrs. I. W. Ramsey, at their home on Grandview avenue. Their children, Lyle Ramsey and Miss Eunice Ramsey, are also residents of the beach at present and are glad to see their parents.

WINTER RESIDENT HAS ALREADY GROWN FOND OF THIS VICINITY

J. M. Canfield, of Philadelphia, Pa., who with Mrs. Canfield, is spending the winter at the Manning house on the river front and Halifax avenue, south, is thoroughly sure that Daytona Beach is an excellent place to spend at least six months of every year.

Mr. and Mrs. Canfield traveled over the state last fall, going to every well known resort and after trying all, settled on Daytona and vicinity as the best. The present is their first winter here but they believe that it will not be their last. A number of their friends will arrive in a few days to spend a few weeks visiting with them at their river front home.

They have a summer home at Atlantic City, N. J., but they like the south better. Mr. Canfield says, "Daytona has a resort of which she may justly be proud and the best part of it is the beach."

LITTLE MISS STEVENS LIGHTED BLAST FURNACE

Mrs. R. H. Stevens and little daughters, Mabel Louise and Virginia Stevens, of Philadelphia, Penn., arrived the forepart of the week for a visit of a month or longer with Mr. Stevens' parents, Mr. and Mrs. Richard Stevens, and Miss Mary Harry at their home, 265 South Ridgewood avenue. Mr. Stevens plans to join them here for a short time later and accompany them north. Mr. Stevens is general superintendent of the Worth Brothers company and little Miss Mabel Louise, who is six or seven years of age, had the honor shortly before coming south of applying the torch to one of the blast furnaces of the company which had been closed down for repairs since the last week in November. There were several guests specially invited to witness the lighting of the furnace and the little lady was presented with a beautiful silver purse and a magnificent bouquet of roses.

PROMINENT CHICAGO PEOPLE GUESTS AT THE IVY LANE INN

Making his first visit to Daytona is Albert Wadsworth Harris, of Chicago, who, accompanied by Mrs. Albert W. Harris, is registered at the Ivy Lane Inn for a few weeks' stay. The Harris family has always been a prominent one in the history of Chicago, but never has there been a more progressive and energetic member than Albert W. Mr. Harris is the president of the Harris Trust and Savings bank of Chicago, as well as being the head of the many Harris interests in street railways and electric plants in various sections of the country.

Mr. Harris' hobby is divided into two parts—first, he is an ardent lover of fine horses, and, second, ardently interesting in farming. He has at his beautiful summer place at Lake Geneva, Wis., some fine specimens of Arabian horses and polled Hereford cattle.

From young manhood Mr. Harris had always had a desire to cross the plains. His wish, he had never been able to gratify because of the many demands of business, until about six years ago when he, while making a visit to Los Angeles, fitted up, completely, a prairie schooner, and accompanied by a friend of the medical profession, drove across the country to Williams Bay, Wis., covering the distance in about six months. Many hardships were endured, but Mr. Harris enjoyed it all, which is a splendid illustration of his ardor and strength of purpose. His ability is well known in Chicago, and he stands foremost in the banking business of that city.

While here Mr. Harris plans to enjoy Daytona's many diversions, including gunning, fishing and horse-back riding, having already engaged a saddle horse for his use while here, at the Clarendon saddle horse stable.

Other interesting members of the Harris party at the Ivy Lane Inn are Mr. and Mrs. Ernest C. Meikle, also of Chicago, Mr. Meikle being a brother-in-law of Mr. Harris. Mr. Meikle will make a ten weeks' visit here, having been completely won over to Daytona, this being his first visit.

Mr. Meikle is a prominent man of affairs in Chicago, and is vice-president of the George P. Bent company of Chicago, which devotes itself to the manufacturing of pianos. Mr. Meikle is enjoying Daytona and its diversions extensively, such as gunning and fishing. He has sent home for his motor car, which he says he enjoys most of all, and will spend much of his time enjoying the fine rides in Daytona and vicinity, as well as upon the broad expanse of fine beach.

PROF. TAYLOR TALKS OF POSSIBILITIES OF FLORIDA LANDSCAPES

Florida is making faster strides than California in landscape developments, according to Albert D. Taylor, head of the landscape architecture department of the Ohio State university, who is a guest at the Princess Issena.

Mr. Taylor, who has spent the past five weeks on an automobile tour of the east and west coasts, has traveled extensively over America and Europe, studying landscape possibilities in park and home developments and, coming from an authority on the subject, the statement that "Florida has finer automobile drives along the shores of its lakes, rivers and ocean than any section of the United States," is worthy of attention. "This is itself an invaluable asset to Florida," said Mr. Taylor during an interview yesterday, "and nothing should be left undone by the club women and business men of the state to preserve these drives, which will mean so much to Florida when automobile roads are completed.

"The vegetation and natural beauty of the east coast and especially Daytona are way ahead of anything that I imagined before coming here," Mr. Taylor continued. "Your state is just awakening to the possibilities of landscape gardening in the broader sense of the word, and is on the verge of tremendous development in road, city park and home development. Taking into comparison the length of time that each state has devoted to beautifying its natural scenery, Florida has done more to date than California and has more to do in the future in the preservation of its water front parkways than any other state in the union, because the possibilities here are limitless."

"Personally," said Mr. Taylor, "I prefer the vegetation and climate of Florida to that of California, and your state is a more attractive playground to eastern people because it is more accessible. Daytona attracts people, who would be content at no other resort on the coast because it has a wider range of climatic conditions, a charm peculiarly its own and because the scenery here is more typical of the old south."

Probably Has To.

"Well," said the doctor, "you're cured at last. How do you feel?" "I feel," said the patient, looking at his wallet sadly, "I feel as if I could start life all over again."

WINTER RESIDENT HAS ALREADY GROWN FOND OF THIS VICINITY

J. M. Canfield, of Philadelphia, Pa., who with Mrs. Canfield, is spending the winter at the Manning house on the river front and Halifax avenue, south, is thoroughly sure that Daytona Beach is an excellent place to spend at least six months of every year.

Mr. and Mrs. Canfield traveled over the state last fall, going to every well known resort and after trying all, settled on Daytona and vicinity as the best. The present is their first winter here but they believe that it will not be their last. A number of their friends will arrive in a few days to spend a few weeks visiting with them at their river front home.

They have a sumer home at Atlantic City, N. J., but they like the south better. Mr. Canfield says, "Daytona has a resort of which she may justly be proud and the best part of it is the beach."

LITTLE MISS STEVENS LIGHTED BLAST FURNACE

Mrs. R. H. Stevens and little daughters, Mabel Louise and Virginia Stevens, of Philadelphia, Penn., arrived the forepart of the week for a visit of a month or longer with Mr. Stevens' parents, Mr. and Mrs. Richard Stevens, and Miss Mary Harry at their home, 505 South Ridgewood avenue. Mr. Stevens plans to join them here for a short time later and accompany them north. Mr. Stevens is general superintendent of the Worth Brothers company and little Miss Mabel Louise, who is six or seven years of age, had the honor shortly before coming south, of applying the torch to one of the blast furnaces of the company which had been closed down for repairs since the last week in November. There were several guests specially invited to witness the lighting of the furnace and the little lady was presented with a beautiful silver purse and a magnificent bouquet of roses.

One Thing Youthful.

My small son and I were riding on the "L" the other day and just across from us sat an elderly woman who had evidently dyed her hair, for it was a bright golden brown. Billy looked at her for some time and then leaned over to me and whispered: "Mudder, see dat lady. She is all old but her hair."—Chicago Tribune.

[illegible] PEOPLE GUESTS AT THE IVY LANE INN

Making his first visit to Daytona is Albert Wadsworth Harris, of Chicago, who, accompanied by Mrs. Albert W. Harris, is registered at the Ivy Lane Inn for a few weeks' stay. The Harris family has always been a prominent one in the history of Chicago, but never has there been a more progressive and energetic member than Albert W. Mr. Harris is the president of the Harris Trust and Savings bank of Chicago, as well as being the head of the many Harris interests in street railways and electric plants in various sections of the country.

Mr. Harris' hobby is divided into two parts—first, he is an ardent lover of fine horses, and, second, ardently interesting in farming. He has at his beautiful summer place at Lake Geneva, Wis., some fine specimens of Arabian horses and polled Hereford cattle.

From young manhood Mr. Harris had always had a desire to cross the plains. His wish, he had never been able to gratify because of the many demands of business, until about six years ago when he, while making a visit to Los Angeles, fitted up, completely, a prairie schooner, and accompanied by a friend of the medical profession, drove across the country to Williams Bay, Wis., covering the distance in about six months. Many hardships were endured, but Mr. Harris enjoyed it all, which is a splendid illustration of his ardor and strength of purpose. His ability is well known in Chicago, and he stands foremost in the banking business of that city.

While here Mr. Harris plans to enjoy Daytona's many diversions, including gunning, fishing and horse-back riding, having already engaged a saddle horse for his use while here, at the Clarendon saddle horse stable.

Other interesting members of the Harris party at the Ivy Lane Inn are Mr. and Mrs. Ernest C. Meikle, also of Chicago, Mr. Meikle being a brother-in-law of Mr. Harris. Mr. Meikle will make a ten weeks' visit here, having been completely won over to Daytona, this being his first visit.

Mr. Meikle is a prominent man of affairs in Chicago, and is vice-president of the George P. Bent company of Chicago, which devotes itself to the manufacturing of pianos. Mr. Meikle is enjoying Daytona and its diversions extensively, such as gunning and fishing. He has sent home for his motor car, which he says he enjoys most of all, and will spend much of his time enjoying the fine rides in Daytona and vicinity, as well as upon the broad expanse of fine beach.

PROF. TAYLOR TALKS OF POSSIBILITIES OF FLORIDA LANDSCAPES

Florida is making faster strides than California in landscape developments, according to Albert D. Taylor, head of the landscape architecture department of the Ohio State university, who is a guest at the Princess Issena.

Mr. Taylor, who has spent the past five weeks on an automobile tour of the east and west coasts, has traveled extensively over America and Europe, studying landscape possibilties in park and home developments and, coming from an authority on the subject, the statement that "Florida has finer automobile drives along the shores of its lakes, rivers and ocean than any section of the United States," is worthy of attention. "This is itself an invaluable asset to Florida," said Mr. Taylor during an interview yesterday, "and nothing should be left undone by the club women and business men of the state to preserve these drives, which will mean so much to Florida when automobile roads are completed.

"The vegetation and natural beauty of the east coast and especially Daytona are way ahead of anything that I imagined before coming here," Mr. Taylor continued. "Your state is just awakening to the possibilties of landscape gardening in the broader sense of the word, and is on the verge of tremendous development in road, city park and home development. Taking into comparison the length of time that each state has devoted to beautifying its natural scenery, Florida has done more to date than California and has more to do in the future in the preservation of its water front parkways than any other state in the union, because the possiblities here are limitless."

"Personally," said Mr. Taylor, "I prefer the vegetation and climate of Florida to that of California, and your state is a more attractive playground to eastern people because it is more accessible. Daytona attracts people, who would be content at no other resort on the coast because it has a wider range of climatic conditions, a charm peculiarly its own and because the scenery here is more typical of the old south.

Probably Had To.

"Well," said the doctor, "you're cured at last. How do you feel?" "I feel," said the patient, looking at his wallet sadly, "I feel as if I could start life all over again."

Yellow Jackets Skunk's Food.

The common skunk is fond of yellow jackets. It catches these insects by smearing its tail with a sticky saliva, which makes the bushy tail serve as fly paper.

CHARMING DANCE TO HONOR CUTHBERT PARTY

To fill to the last minute with pleasure the Cuthbert party's stay in Daytona, an altogether delightful dance was given at the Prince George last night. The spirit of gaiety, that always marks the hotel dances, seemed unusually marvelous and from the first fox-trot to the last bars of "Home, Sweet Home," the floor was filled with gay dancers. The flower-like gowns of the women made a constantly changing rainbow of delicate coloring. The program given by the orchestra was unusually good, and as encores were generously given, dancing continued later than usual. Much of the success of the affair is due to Dr. R. E. Barrett, who is a leader in the hotel's dancing contingent. The principal guests at the charming affair were Mr. and Mrs. Arthur Cuthbert, Miss Godwin, Miss Olive Burns, Mrs. Dymond, Ray Mommers, William Stuart and Howard Winder, of the Cuthbert party. Other visitors were Mr. and Mrs. R. E. T. Mann, Miss Gretchen Blair, Miss Bryte Stutts, C. E. Anderson and C. P. Phillips, who motored over from Palatka. With few exceptions the dancing set at the hotel and many guests from Daytona were noted on the floor.

Honoring her house guest, Miss Carrie L. Frink of Plymouth, Mass., who is spending the winter at her home, Mrs. George Carew of Daytona Beach entertained a number of her friends at a luncheon and bridge party at the Toronita at Wilbur-by-the-Sea on Wednesday.

Promptly at one 'oclock luncheon was served in the sun-parlor of the hotel at tables which were artistically festive with huge clusters of yellow daffodils and green. The color motif was also carried out in the place cards.

Hotchkiss, Mrs. John Osborne and Mrs. S. C. McLanahan had won the prizes, beautiful and unique pieces of hand decorated metal ware. Upon Miss Frink a guest prize was bestowed, a very lovely hand painted china bowl and holder.

The day was very beautiful and the setting quite original, a feature which added zest and charm to the occasion.

Daytona will soon have in its midst refugees from Russia who will give a concert, half of the proceeds of which will be devoted to the suffering people of the Allies. The band of people will be accompanied by Mrs. Marie Nepocoulsezka, who acts as pianist. Mrs. Nepocoulsezka is the mother of Walter Neck who makes his home on North street, Daytona. The refugees have been giving concerts in various sections of the country, the last two of which were given at Charleston and Savannah where substantial sums were realized. They have also appeared in various parts of France as well as in Paris and in Egypt.

The Ackerlys were so favorably impressed with Daytona that they have made reservations at the hotel for a lengthy stay en route north late in February.

Short stay guests at the Ridgewood hotel include Mr. and Mrs. Chas. Curry, Mr. and Mrs. Paumier, Mary Jane and William Paumier and maid, of Wooster, Ohio. The party have been enjoying a visit to Palm Beach and Miami and are spending a few days in Daytona enroute for St. Augustine and Jacksonville.

Miss Lucy Aainsworth, of Moline, Ill., who is wintering at the Bennett on Ridgewood avenue, entertained a few of her friends at dinner at the hotel on Tuesday, and a very delightful time was enjoyed. The table was artistically arranged with cut flowers and ferns. Among the guests were Mrs. Nathaniel C. Sears, Mrs. Davidson, Mrs. Moore and Mrs. H. A. Ainsworth.

Among the guests at the Palmetto House are a number of guests who enjoy fishing, but there are none more enthusiatisc about this sport than C. M. Wright and W. R. Saxton, both of Oneonta, N. Y., who are spending the winter at this hotel. On Wednesday the two gentlemen enjoyed a motor trip to the Inlet where they spent the day fishing. To prove their skill as exponents of Izaak Walton they returned home late in the afternoon with a splendid catch of fish. Their friends are hoping that they will continue to supply them with these delicacies.

Mr. and Mrs. R. E. T. Mann, Miss Gretchen Blair, Miss Bryte Stutts, C. E. Anderson and C. P. Phillips, of Pellatka, motored over for the dance at the Prince George last night. Hon. David Sholtz entertained the group and Miss Virginia Kelsey at dinner at the Clarendon preceding the dance.

Pleasing news to the Ridgewood contingent is the announcement of the arrival of Mr. and Mrs. Arthur Malcom with their son and daughter of Philadelphia, on Friday, next. The Malcoms are prominent people of the Quaker City and have been regular winter guests at the Ridgewood hotel for a number of seasons. They have many friends both at the hotel and among the winter colony who are pleased to learn of their comisg arrival.

Among the newcomers to the Islington are prominent residents of Whitewater, Wis., in the persons of Mr. and Mrs. F. H. Kiser. Mr. Kiser is an eminent attorney of that city and prominent among the legal fraternity of that section. The Kisers have been regular winter visitors to Daytona for several years and have a wide circle of friends in Daytona both at the Islington and among the social set who are extending hearty greetings.

At the bridge party at the Despland hotel on Tuesday evening which was participated in by the largest number of guests and friends of the season, prizes in bridge were awarded G. L. Coleman, Eugene Gaylon, Mrs. Phillips, Mrs. L. M. Waite, Mrs. Cable, Mr. Woodworth, Miss Bearse, M. E. Coombs, James Risk, C. L. Ireland, Mrs. Davis, Benjamin Cooke. At 500 Mrs. Gordon, Mrs. Doll, H. Coleman, Mrs. Miller, Mrs. Frasse and Mr. Halstead were the prize winners.

Miss M. Christie, of Meenah, Wis., who is a guest at the Princess Issena, entertained the Neighborhood Bridge club Tuesday night in the card rooms. Three tables of players enjoyed several rubbers of auction, and later a dainty supper course. Those enjoying Miss Christie's charming hospitality were Mrs. Waldron, Mrs. Stone, Mrs. Andrews, Judge and Mrs. Sears, Mrs. Mitchell, Mrs. Ainsworth, Mrs. Davidson, Mrs. Moore, Mrs. Thompson and Mr. Coman.

Miss Elizabeth Schenke, of Brooklyn, N. Y., who with her mother is a guest at the Princess Issena, has been an enthusiastic spectator of the flights made by O. M. Bounds for the Standard Aero Corporation, of New York City, at Daytona Beach during the past three days. Miss Schenke was for two years a member of the Garden City Aero Club, of Garden City, L. I., and has seen many of the famous aviators fly, witnessing a number of record flights. "The flights Monday and Tuesday were wonderfully steady, especially with the high wind, and I don't see how he even lived, it was so cold," said Miss Schenke yesterday in her charmingly soft drawl.

WALTER SLACK HOST AT FAREWELL PARTY HONORING WHITESIDES

Honoring Mr. and Mrs. Arthur D. Whiteside, of New York City, who have been among the most sought for members in the gaieties of the winter colony at the Clarendon, Walter Slack entertained at a farewell supper in the Dutch grill Tuesday night. Places were marked with attractive cards and the guests received lovely favors as souvenirs of the pretty affair. For the ladies there were exquisite bud vases of Japanese glass, while the men were given stunning platinum scarf pins in a Japanese design. Seated at tables were Mr. and Mrs. Arthur Whiteside, Mr. and Mrs. Paul McKeel, Mrs. W Hubbell, Miss Esther Hubbell, Miss McCarty, Mr. and Mrs. L. D. Compson, Fred H. Ward, Leroy Boher, W. A. Nelson and Walter Slack. Before their departure yesterday morning Mr. and Mrs. Whiteside were given an impromptu reception in the foyer. During their stay at the Clarendon they made scores of friends and their leaving is generally regretted at the hotel, where they proved rarely charming acquistions.

Mrs. C. A. Jenkins and Mrs. R. D. Morris, of Pittsburgh, Pa., who came to the Clarendon Tuesday from Miami, were among those riding horseback yesterday.

The season colony at the Clarendon would not be complete without Mrs. J. M. High, Miss High, Mrs. M. V. Kagan and John J. Kagan, of Atlanta, who have not missed a season in Seabreeze since the hotel was completed. Arriving Tuesday, they were greeted by a wide circle of friends.

Mrs. Edgar V. Seeloe, of Philadelphia, and Mr. and Mrs. G. L. Carlisle, Jr., of New York City, arrived Tuesday, having been called to Seabreeze on account of the illness of Mrs. James Laughlin, Jr. Mr. and Mrs. James Laughlin, III, joined the former's mother at the Clarendon last week.

Notable guests at the Clarendon are Mr. [illegible] R. Barber, of Minneapolis, Minn., who arrived Tuesday. Mr. Barber is president of the Barber Milling company, of Minneapolis, and one of the leading financiers of the state.

Noted on the Clarendon tennis courts yesterday were Miss Helen Johnson and Miss Laura Johnson, who were playing singles, and Miss Pauline Fryburg and Louis Pennington. Miss Fryburg is one of the cleverest players in the younger set and is spending much of her time on the courts.

Mr. and Mrs. Louis Burk and C. W. Whitner, of Philadelphia, Pa., are an automobile party spending a few days at the Clarendon on a tour of east coast resorts.

Mr. and Mrs. E. H. Lennard, of Fall River, Mass., who are guests at the Clarendon, motored to St. Augustine yesterday for the day, returning last night.

Mr. and Mrs. M. Schlief, of Riverside Drive, New York, were noted among the dinner guests at the Clarendon Tuesday night, remaining for dancing after dinner.

Automobile parties at the Clarendon were even more numerous than usual yesterday and smart roadsters gave place to stunning limousines in an almost endless stream. Among the interesting groups were Mr. and Mrs. G. H. Barlow, of Binghampton, N. Y., who are familiar figures at the resort, and R. C. Weekens and H. Garden, of Washington, D. C., and Mrs. D. Barron, of New York City.

Mr. and Mrs. Frank C. Williams, of Cincinnati, Ohio, will spend a short time at the Clarendon en route to Miami.

Late additions to the already large group of New Yorkers at the Clarendon are Mr. and Mrs. R. Lamb and Mrs. W. G. Horton.

Mr. and Mrs. William G. Coetier, Master Billy Coetier and governess, of Pittsburgh, Pa., are guests of the Clarendon for an indefinite stay.

N. L. Lucius, of Chicago, is a guest at the Clarendon during his stay in Seabreeze.

An interesting guest at the Clarendon yesterday was Miss Edith Griswell Bowdoin, prominent society leader and clubwoman of New York City, who with her maid, chauffeur and private secretary, Henry Bloomfield, is on her way to Palm Beach for the winter. Miss Bowdoin's summer home at Bar Harbor, "La Rochelle," is one of the most beautiful estates at the smart resort and her fame is a [illegible] in [illegible] and [illegible] organizations.

Dr. Norman Dwight Harris, of Chicago, who with Mrs. Harris is a season guest at the Clarendon, is rapidly regaining health and strength in the Florida climate. Dr. Harris, who is professor of Diplomacy and International Law in the Northwestern University of Chicago and is head of the Department of Political Science, is one of the best known men of letters in the contemporary literary world and is an authority on his subjects.

HARMONY CAFE TO BE OPEN DAY AND NIGHT

In order to meet the growing demand for an all night restaurant in Daytona, Alex E. Samra has decided to keep the Harmony cafe open day and night from now on. Wednesday he threw his keys in the river and adopted "We Never Sleep" as his slogan for the Harmony cafe.

In speaking of the innovation, Mr. Samra said: "Automobile parties are constantly passing through during the night and they are generally hungry when they reach Daytona. To meet this situation and also cater to tourists and others who like to eat after dances or other entertainments I have decided to keep open twenty-four hours every day. This puts Daytona on a par with Jacksonville and Tampa in the matter of conducting a first class restaurant with day and night service."

Queer Name of Georgia Town.

A town in Georgia rejoices in a strikingly original, but somewhat ambiguous designation of Nameless. The name was given from the fact that a list of several hundred names submitted to the post office authorities not one was found satisfactory.

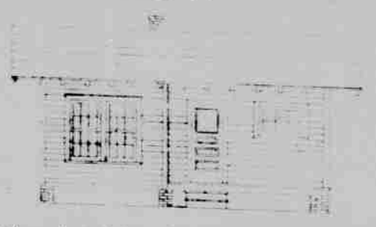

CUTHBERT PARTY LEFT THIS MORNING

Singing the praises of Daytona and vicinity the Cuthbert party left Daytona this morning about 8 o'clock. Wednesday many of the tourists visited the "big tree" and New Smyrna, while a few enjoyed a dip in the Atlantic and later went autoing. At night the Prince George gave a dance in honor of the Cuthberts and the fifty persons comprising the party.

The next stop will be at St. Augustine where two days will be spent. Saturday they go to Jacksonville. From the Gateway of Florida the special train of six Pullmans will proceed on Monday, Feb. 11, to Pensacola via the Seaboard and L. & N. railways. At Pensacola the naval and aero stations will be visited and several members of the party will go down in a submarine. At Miami eight went up in a biplane. Mobile and New Orleans are next on the program. After Mardi Gras the party breaks up. Some of them will proceed to California via Houston, San Antonio and El Paso, Texas, over the Southern Pacific railway, while others will linger in the Crecent City before proceeding home.

PORT ORANGE

PORT ORANGE, Feb. 7.—Jack Frost has paid another of his periodical visits and by the tokens he has left it is to be sincerely hoped that his next visit will be in the far future.

Past experiences should teach that the quicker the frosted fruit is buried the more agreeable the surroundings will be and the better for health also.

Mr. Kipp returned last week to his home on acount of the serious illness of his mother-in-law. He and Mrs. Kipp expect to return shortly for the rest of the winter.

Mrs. Ellis H. Kerr, of Tippecanoe City, Ohio, is a guest at Tribbles.

W. L. McDonald, Lee McDonald, and Leon Sparkman visited the county seat on Monday.

Tom Ditson is driving the big truck for the Tomoka Land company and is hauling ten 500-pound barrels of rosin at a load through the heavy sand road from Spruce creek, and making good time too, though not up to his usual way of traveling when managing a motor.

Mr. and Mrs. Voorhees, of Roscie, N. Y., are installed in one of the Bailey houses.

Messrs. Chas. Emrick and Sheerer returned last week from a motor trip to Tampa, via Sanford and Orlando, returning via Leesburg, and are well pleased with their trip.

The cool weather caused the fish to bunch up together and some of our fishermen took in a lot with their cast nets. W. E. Johnson obtained about 400 pounds.

The heavy rains last fall drowned out the gardens, and now Jack Frost has practically wiped out the truck. Verily the trucker deserves all he gets.

Those who wish to vote in the town election must pay their poll taxes not later than Saturday, the 10th of February.

ORMOND

ORMOND, Feb. 7.—Mr. and Mrs. A. P. Hanson, of Fertile, Minn., are spending the winter with their daughter, Mrs. L. R. Clements. Miss Mabel Hanson is also with them.

Last Wednesday was the opening night of the V. I. A. moving pictures. The attraction was Mary Pickford, in "Hulda from Holland," and it was thoroughly enjoyed by a large and appreciative audience.

Friday night the people of Ormond received a rare treat in the dramatic performance of "Rebecca's Triumph." It gave evidence of careful and skilful rehearsing and training.

The principals, as well as the "Club Girls", rendered their parts with the skill and finesse of experienced actresses. Noticeable was the work of Miss Lucy Reilly in the leading part of "Rebecca". Mrs. Ray Clements, as "Meg", carried out to perfection a most difficult part. Mrs. Daub was ideal in the part of a love-lorn maiden of 40 or more. Miss Weatherbee, as the aristocratic "Lady of the Manor", was just her natural self and fitted the part exactly. Miss Marion Baker as "Mrs. DeLaine," also had a most difficult part and carried it out with great skill. Miss Adams, as "Katie Conner" and Miss Dampier, as "Gyp," added that humor to the drama that was so necessary. Misses Dorothy Daub, Margaret Shaw, Grace Adams, Jennie Cathey, Minna Meintz, Vera Lowe, La Veta Lowe, Pearl Adams and Amelia Smith completed the roll as the "Club Girls."

John D. Rockefeller and party have returned for the balance of the season.

MASQUERADE SKATING CARNIVAL AT ARCADE

A grand masquerade carnival on skates will be held at the Arcade skating rink tomorrow evening at which there will be fancy skating, all kinds of scratch races and a steeple chase race open to all amateurs. To add to the interest in the events prizes in gold will be awarded for the most comic, unique and fancy costumes and there will also be a prize for the spectators who do not take part in the skating. Anyone attending the carnival Friday evening will have an opportunity to secure this prize. This will be a great event for skaters and there will be something doing all the time throughout the evening. Everyone able to skate should attend this masquerade carnival.
